

NUTRIENT MANAGEMENT (CSP Enhancements)

April 2005

Enhancement Activity Task Sheet

WV-CSPENM-TS

Client's Name:

Worksheet 5 – Injection or Incorporating Manure

Payment = \$1.50/Acre to apply nutrients as close to the root zone of the plant as possible utilizing manure injection or incorporating manure within 24 hours using low or no residue disturbing equipment. This is applicable for use only in corn residue.

Injection: Use a shovel incorporator or slot injector applicators to place the manure below the soil surface.

Incorporate: Use a disc-covered applicator to cover the manure that was applied directly on the soil surface.

Use this (or similar) table to document location and incorporation method used.

Tract & Field #s or Names	Acres	Manure Type	Incorporation Method	Date

Injecting of Nutrients Certification

I certify that I have injected or incorporated of all applications of manure in the field(s) listed in the table above.

Name: _____ Date: _____
